Subject: bulletin - asian seafreight backlogs

pls be aware that due to the volume of freight coming from asia - particularly hongkong and chiwan - the availability of empty containers for your shippers to pack is tightening and shipping companies are not releasing empties until closer than normal to the vessel departure.

also in an effort to move your containers on the soonest departure it is necessary for our people to sometimes make last minute vessel changes as space becomes available.

the situation is expected to improve after chinese new year
