

Thank you for your cooperation with the CMR issues. few shipments have been effected with storage payable except in rare instances and few have suffered other than a short delay.

this has only been because of the efforts and dedication of my staff with whom i am extremely proud and have passed on my and your thanks.

CMR reporting and responsibility is effecting the cargo accounting and clearance times and although we are able to forgo the interim costs applied as below, i would ask that a much lower cmr fee of \$15.00 be accepted on an ongoing basis.

Our next newsletter being distributed this weekend will detail the requirements of CMR vs prior cargo reporting in an effort to further explain the issues. it will also lay out the possibilities and mechanics of applying to the Australian Customs Service for any claims resulting from CMR delays.

Again thank you for your cooperation and support

As always please feel free to contact me should you wish to discuss this further.
