To all valued clients,

Please be advised that due to adverse weather conditions last night, Sunday 1/6, both wharves Patricks & DP World were closed.

Labour from both depots were sent home at 2000hrs on 1/6 due to heavy fog with the announcement that time slots would not be re-opening until 0700hrs 2/6. However, both wharves have indicated that NO extra timeslots would be made available for today, thus making our next available pick up tonight's midnight run.

We do apologize for the inconvenience, however this situation was completely out of our control. This no doubt will place an enormous amount of stress on deliveries for the rest of this week (especially with similar weather predicted).

We appeal to you to be patient and liaise with your account manager to organize the most suitable delivery schedule.

Thank you in advance for your co-operation.
