Subject: BULLETIN : PROPOSED OCEANFREIGHT GRI EX ASIA TO AUSTRALIA 21ST OCTOBER 2009

A surge in bookings, pending the national holiday period in China, has led the major carriers to publish their intention of a rate rise ex Asia origins.

At this stage the quantum of increase varies across the carriers.

We will endeavour to utilise carriers offering the best space guarantees in tandem with the lesser GRI amounts.

All General rate increases will be billed at cost in addition to your existing container rates.

I encourage you to speak to your customer service representative at time of shipment approval to canvas all options that are acceptable to your current cost structures.

Proposed GRI :

LCL : USD 6.00 to 10.00 per cbm depending on carrier

20 GP Container : USD 150.00 to 250.00 per container depending on carrier.

40 GP Container : USD 300.00 to 500.00 per container depending on carrier.

Should you have further queries on the above subject matter please contact our office direct.
